## MICRO SWITCH ${ }^{\text {TM }}$ Flame-Proof Limit Switches

## DESCRIPTION

The GXS Series flame-proof limit switches are designed specifically for use in hazardous applications. The GXS enclosure is epoxy sealed and has an environmental protection of IP66 as per IEC/EN 60529. The entire GXS Series complies with the European Directive on Equipment and Protective Systems Intended for Use in Potentially Explosive Atmospheres (94/9/EC) commonly referred to as the ATEX Directive.

## VALUE TO CUSTOMERS

- Flameproof protection
- Meets product design and quality systems requirements of ATEX 94/9/EC
- Standard European mounting of $30 \mathrm{~mm} \times 60 \mathrm{~mm}$ (GXA Series) or 20 mm to 22 mm (GXE Series)
- Suitable for difficult operating environments
- Fast and easy to install
- Epoxy-sealed cable and basic switch in a limit switch body
- External earth connection not required
- Change over (SPDT), 3 wire device, 1NC/1NO

## POTENTIAL APPLICATIONS

- Hazardous areas Category 2 (Zones 1 \& 21) or Category 3 (Zones 2 \& 22)
- Petrochemical
- Material handling
- Valves

## FEATURES

- II 2 G Ex d IIC T6, II 2 D Ex tD A21 IP66 T85 ${ }^{\circ} \mathrm{C}$
- KEMA 00 ATEX 2103 X, IEC Ex KEM 10.0039X
- Conforms to EN60079-0, EN60079-1, EN61241-0, EN61241-1
- CE marked
- EN50041 mounting compatible (GXA Series)
- EN50047 mounting compatible (GXE Series)
- Rugged zinc die-cast housing with epoxy coating
- Pre-wired, 5 m of cable
- Bottom exit cable ONLY
- Double insulated switch element with snap-action basic switch

| Category | Flammable <br> atmospheres | Protection <br> required | Requirements for <br> equipment |
| :--- | :--- | :--- | :--- |
| 2 | Medium risk of <br> an explosive <br> atmosphere <br> occurring <br> Gas = Zone 1 <br> Dust = Zone 21 | High | Equipment is <br> capable of operat- <br> ing safely under <br> a single fault <br> condition (ib) or <br> alternatively, one <br> or more types of <br> protection is used. <br> For example, 'd', <br> 'e', 'p', etc. |
| 3 | Low risk of <br> an explosive <br> atmosphere <br> occurring <br> Gas = Zone 2 <br> Dust = Zone 22 | Normal | Equipment <br> for safe use in <br> normal operation, <br> typically (Ex n) <br> equipment |

## PORTFOLIO

The GXS Series is part of the MICRO SWITCH ${ }^{\text {TM }}$ family of hazardous location limit switches.

Note 1: The product is certified flame-proof only with the prewired 5 m cable. The cable on its own does not carry any hazardous area certifications.
Note 2: The GXS Series is part of the MICRO SWITCH ${ }^{\text {TM }}$ family of hazardous location limit switches and has design and form factor similar to the GLA/GLE Series limit switches. To view these series, please click: GLA Series, GLE Series

## MICRO SWITCH ${ }^{\text {TM }}$ Flame-Proof Limit Switches, GXS Series

Table 1. Specifications

| Characteristic | Parameter |
| :---: | :---: |
| Mechanical life | up to 2 million operations |
| Degree of protection | IP66, EN 60529 |
| Operating temperature @ 3 A | $-20^{\circ} \mathrm{C}$ to $75^{\circ} \mathrm{C}$ [-4 ${ }^{\circ} \mathrm{F}$ to $\left.167^{\circ} \mathrm{F}\right]$ |
| Operating temperature @ 4 A | $-20^{\circ} \mathrm{C}$ to $60^{\circ} \mathrm{C}$ [-4 ${ }^{\circ} \mathrm{F}$ to $140^{\circ} \mathrm{F}$ ] |
| Standards/approvals | EN60079-0, EN60079-1, EN61241-0, EN61241-1 <br> 〔x II 2 G Ex d IIC T6, II 2 D Ex tD A21 IP66 T85 ${ }^{\circ} \mathrm{C}$ <br> KEMA 00 ATEX 2103 X; IEC EX KEM10.0039X <br> ( X indicates special conditions for safe use, see certificates for details) |
| Electrical rating | AC15, DC13 <br> 1NC/1NO change over contacts <br> Double insulated switch element <br> No internal or external earth connection |
| Contact material | silver |
| Cable/body | Harmonised Cenelec cable, HO5VV-F, 3-core $\times 0,75 \mathrm{~mm}^{2}$ <br> Black (BK) - common <br> Grey (GY) - NC <br> Brown (BN) - NO <br> Epoxy-sealed cable and body |
| Shock | 50 g , IEC 60068-2-27 |
| Vibration | 10 g , IEC 60068-2-6 |

## $\triangle$ WARNING PERSONAL INJURY

DO NOT USE these products as safety or emergency stop devices or in any other application where failure of the product could result in personal injury.
Failure to comply with these instructions could result in death or serious injury.

## $\triangle$ WARNING MISUSE OF DOCUMENTATION

- The information presented in this product sheet is for reference only. Do not use this document as a product installation guide.
- Complete installation, operation, and maintenance information is provided in the instructions supplied with each product.

Failure to comply with these instructions could result in death or serious injury.

## Warranty/Remedy

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective. The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.

While we provide application assistance personally, through our literature and the Honeywell web site, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.
